

KEY PROJECTS IN KWAZULU-NATAL: DELIVERING EXCELLENCE LOCALLY

Echo Durban has been a cornerstone in KwaZulu-Natal's construction landscape since its establishment in 2006, providing top-tier precast, prestressed hollow-core concrete solutions. Our commitment to quality and innovation is evident in several landmark projects across the region.

IZINGA RIDGE, DURBAN

In the upscale suburb of Izinga Ridge, Echo Durban supplied advanced hollow-core slabs, contributing to the development of modern residential units that blend luxury with structural integrity. Our precast solutions ensured efficient construction timelines and durable flooring systems.

BALLITO VILLAGE, DOLPHIN COAST

Echo Durban played a pivotal role in the Ballito Village project on the Dolphin Coast, providing both precast concrete slabs and stairs. Our products facilitated the rapid development of this vibrant community hub, known for its contemporary design and robust construction.

MARITIME SCHOOL OF EXCELLENCE, DURBAN

The Maritime School of Excellence in Durban stands as a testament to Echo Durban's versatility. By supplying specialised precast slabs, we supported the creation of state-of-the-art educational facilities designed to train the next generation of maritime professionals.

Through these projects, Echo Durban has consistently demonstrated its dedication to delivering excellence locally, enhancing KwaZulu-Natal's architectural and infrastructural landscape with innovative precast concrete solutions.
