PROJECT HIGHLIGHT

Reddam School, Ballito
Built Strong with Echo Durban

Echo Durban is proud to have supplied 1,530m² of 170/250mm prestressed slabs for the first floor of Reddam School Ballito, a project that blends durability, precision and performance. Our slabs form the backbone of educational spaces designed to last, supporting the growth of future generations with the same strength and reliability Echo is known for.

ECHO DURBAN: ENGINEERING CONFIDENCE INTO EVERY BUILD.
